

## Fall Has Arrived With All Its Beautiful Colors!

Whatever your interest or budget, there is always something to do during the fall in Greater Sudbury. Just take your pick!

A bilingual community with a rich francophone and aboriginal heritage, Greater Sudbury is a multicultural mosaic with a platform for welcoming and embracing diversity that Sudburians are proud to share with the world. Greater Sudbury's commitment to cultural diversity is evident in all areas of the city, from restaurants, schools, and places of worship, to festivals and events. Our City's festivals such as the Canada Day, La Nuit sur L'étang, Italian, Greek, Aboriginal, Irish, Celtic, Finnish and Ukrainian festivals celebrate the cultural diversity of our citizens.

Put on your walking shoes and take a stroll on the Ramsey Lake Boardwalk and enjoy the beautiful fall colors this season has to offer. It is located between Science North and McNaughton Terrace and passes by Bell Park.

Science North is Northern Ontario's most popular tourist attraction and an educational resource for children and adults across the province. Science North maintains the second and seventh largest science centres in Canada: **Science North**, featuring an IMAX® theatre, digital Planetarium, butterfly gallery and Special Exhibits Hall, and **Dynamic Earth - Home of the Big Nickel**, an earth sciences centre.

Enjoy the fall! Check out our online version of the [Fall/Winter 2011 Leisure Guide](#) for activity ideas for the whole family!
